Re: failure. What do you think about a "soccer tournament" being called a "soccer festival"? Is that helping or hurting? #mhmatters ^mv

RESILIENCE

Now presumably resilience ALSO meant "doing it on your own" - but that rather left $CAMH out in the cold, didn't it?

They couldn't make MONEY if people really started "doing it on their own" - PITY!

So they had to be ingenious, and co-opt "doing it on your own" by identifying with it and monopolizing it as a virtually patented $CAMH "treatment" - even writing text books for it, and pimping them too with Bela on Mental Hell MATTERS, along with their other sugar pills.

Here, let us HELP you do it "on your own" (for a small fee).

Depend on $CAMH to make you resilient, self-reliant, and FREE (SUCKERS!)!

The best thing you could do for your RESILIENCE? Fuck $CAMH....
